1. Name of individual or company, including all shareholders, full mailing address and contact coordinates (note that individuals must be at least 18 years of age);
2. Legal land location of where the production is expected to take place;
3. A draft business plan;
4. Proof that they have the financial ability to act out the draft business plan, including purchasing quota during an auction; and
5. A fee of \$100 must accompany the application (note to remain on the list you must pay the \$100 fee annually).

All applicants that successfully provide the information above will be eligible to participate in base quota auctions provided they apply five days prior to an auction taking place. Note that being on the 'New Entrant Base Quota Waiting List' only allows you to participate in an auction, no base quota will be distributed for free.
